

# UNISEAL 175.8

## Safety Data Sheet

In Accordance with MOEL Public notice 2016-19  
Revision date: 3/25/2021

### 1. Chemical product and company identification

#### 1.1. Product identifier

Product form : Mixture  
Trade name : UNISEAL 175.8  
Product group : Blend  
Synonyms : GM 9985996

#### 1.2. Recommended uses and restrictions

##### Use Categories

No data available

##### 1.2.1. Recommended use

No data available

##### 1.2.2. Restrictions on use

No data available

#### 1.3. Supplier information

- Supplier  
Company : Uniseal  
Address : 1014 Uhlhorn St.  
47710 Evansville IN - United States  
Tel. : 812-425-1361  
Emergency information : CHEMTREC: 1-703-741-5970 for hazardous materials or dangerous goods incident spill,  
leak, fire, exposure or accident call chemtrec day or night

### 2. Hazards identification

#### 2.1. Classification of the substance or mixture

|                                                                   |      |
|-------------------------------------------------------------------|------|
| Skin corrosion/irritation, Category 2                             | H315 |
| Serious eye damage/eye irritation, Category 2                     | H319 |
| Skin sensitisation, Category 1                                    | H317 |
| Hazardous to the aquatic environment — Chronic Hazard, Category 3 | H412 |

#### 2.2. Label elements

##### 2.2.1. Hazard pictograms (GHS KR)

##### 2.2.2. Signal word (GHS KR)

Warning.

##### 2.2.3. Hazard statements (GHS KR)

H315 - Causes skin irritation.  
H317 - May cause an allergic skin reaction.  
H319 - Causes serious eye irritation.  
H412 - Harmful to aquatic life with long lasting effects.

##### 2.2.4. Precautionary statements (GHS KR)

###### Precaution:

P264 - Wash ... thoroughly after handling.  
P273 - Avoid release to the environment.  
P280 - Wear protective gloves/protective clothing/eye protection/face protection.

# UNISEAL 175.8

## Safety Data Sheet

In Accordance with MOEL Public notice 2016-19

### Treatment:

P302+P352 - IF ON SKIN: Wash with plenty of water/.

P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P333+P313 - If skin irritation or rash occurs: Get medical advice/attention.

P337+P313 - If eye irritation persists: Get medical advice/attention.

### Storage:

### Disposal:

P501 - Dispose of contents/container according to waste related regulations.

### 2.3. Hazards - Other hazards which do not result in classification - Hazard Risk

No data available

## 3. Composition/information on ingredients

Product form : Mixture

| Substance name | Other Names                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Product identifier number                | Concentration (%) |

# UNISEAL 175.8

## Safety Data Sheet

In Accordance with MOEL Public notice 2016-19

### 4. First-aid measures

#### 4.1. First-aid measures after eye contact

Rinse cautiously with water for several minutes.  
Remove contact lenses, if present and easy to do. Continue rinsing.  
If eye irritation persists: Get medical advice/attention.

#### 4.2. First-aid measures after skin contact

Wash skin with plenty of water.  
Take off contaminated clothing.  
If skin irritation or rash occurs: Get medical advice/attention.

#### 4.3. First-aid measures after inhalation

Remove person to fresh air and keep comfortable for breathing.

#### 4.4. First-aid measures after ingestion

Call a poison center/doctor/physician if you feel unwell.

#### 4.5. Other medical advice or treatment

Treat symptomatically.

### 5. Fire-fighting measures

#### 5.1. Suitable (and unsuitable) extinguishing media

|                                |                                  |
|--------------------------------|----------------------------------|
| Suitable extinguishing media   | : Water spray. Dry powder. Foam. |
| Unsuitable extinguishing media | : Not applicable                 |

#### 5.2. Special hazards arising from the substance or mixture

Not applicable

#### 5.3. Special protective equipment and precautions for fire-fighters

|                                |                                                                                                                                          |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Protection during firefighting | : Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|

### 6. Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

Ventilate spillage area.  
Avoid contact with skin and eyes.  
Do not attempt to take action without suitable protective equipment.  
For further information refer to section 8: "Exposure controls/personal protection".  
Dispose of materials or solid residues at an authorized site.

#### 6.2. Environmental precautions and protective procedures

Avoid release to the environment.

#### 6.3. Methods and material for containment and cleaning up

Mechanically recover the product.

### 7. Handling and storage

#### 7.1. Precautions for safe handling

Ensure good ventilation of the work station.

# UNISEAL 175.8

## Safety Data Sheet

In Accordance with MOEL Public notice 2016-19

Avoid contact with skin and eyes.  
Wear personal protective equipment.  
Wash contaminated clothing before reuse.  
Contaminated work clothing should not be allowed out of the workplace.  
Do not eat, drink or smoke when using this product.  
Always wash hands after handling the product.

### 7.2. Conditions for safe storage

Store in a well-ventilated place.  
Keep cool.

## 8. Exposure controls/personal protection

### 8.1. Occupational Exposure Limits

No data available

### 8.2. Appropriate engineering controls

Appropriate engineering controls : Ensure good ventilation of the work station.  
Environmental exposure controls : Avoid release to the environment.

### 8.3. Personal protection

#### Hand protection:

Protective gloves

#### Eye protection:

Safety glasses

#### Skin and body protection:

Wear suitable protective clothing

#### Respiratory protection:

In case of insufficient ventilation, wear suitable respiratory equipment

## 9. Physical and chemical properties

|                                                   |                     |
|---------------------------------------------------|---------------------|
| a) Appearance                                     | : No data available |
| Physical state                                    | : Solid.            |
| Color                                             | : Gray.             |
| b) Odor                                           | : None.             |
| c) Odor threshold                                 | : No data available |
| d) pH                                             | : No data available |
| e) Melting / freezing point                       | : / Not applicable  |
| f) Initial boiling point and boiling range        | : No data available |
| g) Flash point                                    | : > 232 °C          |
| h) Evaporation rate                               | : No data available |
| i) Flammability (solid, gas)                      | : Non flammable.    |
| j) Upper / lower flammability or explosive limits | : Not applicable    |
| k) Vapor pressure                                 | : No data available |
| l) Solubility                                     | : No data available |
| m) Vapor density                                  | : No data available |
| n) Relative density                               | : 1.4 – 1.6         |
| o) Partition coefficient n-octanol/water          | : No data available |
| p) Auto-ignition temperature                      | : Not applicable    |

| Viscosity, dynamic           | : No data available |
| s) Molecular mass            | : No data available |

### Other information

VOC content : 0.0131 lb/gal

## 10. Stability and reactivity

### 10.1. Chemical stability and Possibility of hazardous reactions

The product is non-reactive under normal conditions of use, storage and transport.

Stable under normal conditions.

No dangerous reactions known under normal conditions of use.

### 10.2. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

### 10.3. Incompatible materials

No data available

### 10.4. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## 11. Toxicological information

### 11.1. Information on exposure routes

|                      |                                                                                               |
|----------------------|-----------------------------------------------------------------------------------------------|
| Oral                 | : Not classified                                                                              |
| Skin and eye contact | : Causes skin irritation. Causes serious eye irritation. May cause an allergic skin reaction. |
| Inhalation           | : Not classified                                                                              |

### 11.2. Health hazards

#### Acute toxicity (oral):

Not classified

#### Acute toxicity (dermal):

Not classified

#### Acute toxicity (inhalation):

Not classified

### Zinc oxide (1314-13-2)

|                       |                                                                                                                  |
|-----------------------|------------------------------------------------------------------------------------------------------------------|
| LD50 oral rat         | > 5000 mg/kg (Equivalent or similar to OECD 401, Rat, Male / female, Experimental value, Oral)                   |
| LD50 dermal rat       | > 2000 mg/kg body weight (OECD 402: Acute Dermal Toxicity, 24 h, Rat, Male / female, Experimental value, Dermal) |
| LC50 Inhalation - Rat | > 5.7 mg/l (Equivalent or similar to OECD 403, 4 h, Rat, Male / female, Experimental value, Inhalation (dust))   |

#### Skin corrosion/irritation:

Causes skin irritation.

#### Serious eye damage/irritation:

Causes serious eye irritation.

#### Respiratory sensitization:

Not classified

# UNISEAL 175.8

## Safety Data Sheet

In Accordance with MOEL Public notice 2016-19

### Skin sensitization:

May cause an allergic skin reaction.

### Carcinogenicity:

Not classified

### Mutagenicity:

Not classified

### Reproductive toxicity:

Not classified

### STOT-single exposure:

Not classified

### STOT-repeated exposure:

Not classified

### Aspiration hazard:

Not classified

| UNISEAL 175.8        |                |
|----------------------|----------------|

| ThOD                          | Not applicable (inorganic)                                                     |

### 12.3. Bioaccumulative potential

No data available

# UNISEAL 175.8

## Safety Data Sheet

In Accordance with MOEL Public notice 2016-19

### 12.4. Mobility in soil

#### Zinc oxide (1314-13-2)

|                                                 |                                       |
|-------------------------------------------------|---------------------------------------|
| Surface tension                                 | Not applicable (solid)                |
| Partition coefficient n-octanol/water (Log Pow) | 1.53 (Estimated value)                |
| Partition coefficient n-octanol/water (Log Koc) | 2.2 (log Koc, Literature study)       |
| Ecology - soil                                  | Low potential for adsorption in soil. |

### 12.5. Other adverse effects

|                       |                                       |
|-----------------------|---------------------------------------|
| Ozone                 | : Not classified                      |
| Other adverse effects | : No additional information available |

## 13. Disposal considerations

### 13.1. Disposal method

Dispose of contents/container in accordance with licensed collector's sorting instructions.

### 13.2. Disposal precaution

No data available

## 14. Transport information
